Judge McCarty Monday morning handed down a decision on the motion brought by C. C. Bow for Adolph Becker and H. L. Spellman against C. C. Upham and W. F. Cook for the vacating of a judgment of \$154. The claim made by the plaintiff was that some years ago Cook and Becker had legal troubles. Suit was brought in court. Then while it was pending a settlement was made out of court. The court records show the case was marked settled. Afterward Attorney Upham went to court and the judge, having forgotten that the case was settled, rendered judgment against Becker for \$154 on default of appearance. Spellman was brought into the case by reason of the fact that he had gone on the appeal bond of Becker in the justice court in the case. Nothing was done in the matter for two or three years and suddenly Upham, who is assignee for Cook, demanded that Spellman pay the judgment. Spellman never knew anything about it. He refused and suit was brought to set the judgment aside.

The court held that it was a mistake to have rendered the judgment and he vacated it so far that the other side be permitted to answer and upon hearing of the defense if it shall appear that the judgment is not just it will be knocked out entirely.

SCHOOL BOARD FIGHT.

Prosecutor Day and Attorney Earleman, representing the Nimschillen township school board, have filed an answer in court asking for the dismissing of the injunction secured against them by William B. Royer to stop them from building a school house on a new site they have selected. The board says that the new site is all right and that the old one is the one that is not in the center of the school district. Therefore they want to be allowed to go on with their plans.

ANOTHER NEGLECTFUL HUSBAND
Attorneys Rogers and Hart, of Alliance, have come into court asking for a divorce for Minnie May Allen from her husband, Herbert W. Allen. The wife declared they were married in 1888 and have two children. She says that her husband has for years been guilty of drunkenness, idleness and neglect of her and she wants to get rid of him and be restored to her maiden name of Minnie Mell. She also wants the children and the house in which they have lived as alimony.

WANTS A DIVISION.

Harry R. Rex, through C. C. Upham, has commenced suit in court against E. J. Rex and several other heirs for the partition of part of lot No. 208 in the city of Canton. The plaintiff says he purchased one fourteenth interest in the property from George Rex and he wants a division.

HUSBAND KICKED HER.

Claire C. Miller is plaintiff in a divorce proceeding started Monday against Winfred J. Miller. The woman says she married in 1894. For three years or more her husband has been

neglectful. Further she says he has squandered his money in drink and then abused her. She tells that he struck and kicked her until she was finally compelled to leave him and go back to her parents. She wants a divorce, alimony and restoration to her maiden name of Clara Baldwin. The defendant works for Russell and Co., and they have been restrained from paying him his wages till the claims of the wife are heard. The suit was brought by Welty and Albaugh.

NEW TRIALS WANTED.

In the case of Dr. Scott vs. Alex Mullins, in which the doctor was defeated on trial to a jury Friday, Attorneys Welty and Albaugh for Scott have filed a motion for a new trial. They claim the verdict was wrong and that there was error in the trial.
